Research Log

Attendant Gavros,

The Council has become aware of the lack of progress in your group's efforts. They are particularly displeased to learn that your specifications for the focusing crystal were completely incorrect.

The entire Binder's Conclave has worked tirelessly, and the Council is quite sure this new crystal will suit your needs. You are herewith entrusted with delivering the crystal to the site, completing your work, and delivering a full report to the Council with all possible haste.

The Council trusts you will deliver the crystal to the Oculory personally, and that there will be no further complications.

- First Adjunct Oronrel
