# List of Rainy Weather Fish

I've hit a string of bad luck. No matter how hard I try, the fish do not bite. My memory fails me, like a goldfish. The whole thing is bad for business.

Of course, there's a logical explanation for all of it. I've lost my lucky fishing hat! I once had a priestess of Rynareth bless it for good fortune. You may not believe it, but I swear that it rains whenever I go fishing while wearing it. It's true! Oh, how I miss it. The rain did wonders for my scales. A high wind blew it off my head and into the water on my last fishing trip just west of Sarethi Farm. Perhaps you could find it?

---

Speaking of rain, the fish for your next challenge are only found on a rainy day:

Catfish
Pearlfish
Pygmy Sunfish
Spadefish

The second volume of Fishing Mastery has details on these peculiar fish.

Good luck. I can't wait for these wonderful fish, and for my hat to return to its rightful place on the top of my head.
