Note

They warned me not to go through that portal. What did I have to be scared of? I been adventuring for years, and I never seen nothing that I couldn't wallop. But this place...

Ain't nothing living here. Just dead things up and about when they should be in the ground. I can hear their bones scratching at the rocks and knocking together when they walk. If I get home, I'll hang up my sword and never go out again...
