Torn Note

"The single richest treasure trove in all of Solstheim" they said. Bah. Looks like this place was cleaned out centuries ago. The Stalhrim might be worth something, but my pickaxe ain't even good enough to chip it.

Still, I can't shake the feeling that there's something I'm missing. There's an odd draft in this room - secret passage, maybe?

I've locked myself in until those bandits are good and gone. I suppose I'll keep looking. Not much else I can do.
