Note from Agna

Golldir, don't be such a milk drinker. I know you've been scared of Hillgrund's Tomb since your brother locked you in there when you were children, but we can't let Vals Veran get away with this!

Hillgrund and our other ancestors need us to protect their remains, and I'm going in, with or without you. I'm sure one dark elf is nothing to worry about, but if something should happen, don't forget to check the secret passage in case he barricaded himself in the deeper chambers.
