Admonition Against Ebony

To anyone reading this: BEWARE THIS BLADE

It is hoped that the only people having access to this room should be the Jarl of Whiterun and his trusted wizard. If anyone else is reading this, please understand the magnitude of your folly, turn around, and never even speak of this room or this blade to anyone.

It has corrupted and perverted the desires of great men and women. Yet its power is without equal -- to kill while your victim smiles at you. Only a daedra most foul could have concocted such a malevolent and twisted weapon. But it appears that all who wield it end up with the crazed eyes of those wild men who roam the hills chattering with rabbits.

It is not to be trifled with. Not even the hottest fires of the Skyforge could melt it; indeed the coals themselves seemed to cool when it was placed within. We cannot destroy it, and we would not have it fall into the hands of our enemies. So we keep it, hidden, dark and deep within Dragonsreach, never to be used.

Woe be to any who choose to take it.
