County of Mallach

To the ruler of the county of Mallach

ear reader,

Congratulations! When you read this book, it means the title of Count or Countess of Mallach is bestowed upon you. You have the honor to rule Mallach and it's territory under my command, as part of the Duchy of Kirkmore and Kingdom of Northpoint!

The County of Mallach compromises the northern part of the Red Woods bordering County Moch in the south. Besides the town Mallach you also are the owner of a fort north of Mallach, guarding the northern border of our island Kirkmore. Mallach played an important role in defeating the roaming pirates some time ago.
This county may be the poorest, and surely the most isolated county of Kirkmore island, there is a lot of potential still untouched, especially the western part of your county. Mallach offers the island of Kirkmore food, fur, wood and a little bit of iron and other materials.

As a token of my appreciation and my gratitude I gladly present you a ring, which is The Ring of The Count. I put it safe in a box above your fireplace. May it serve you well.

Here are the noted people in your county:

Nyke The Needle. She is your first commander. Fierce loyal and deadly, she is called 'The Needle', don't ask why. She can be very stubborn and discrete, but will remain loyal to the end.

Rugarth The Bloody. He is your second commander. Fought in may wars, he is an experienced soldier. He might be full of himself, boasting of himself how many battles he fought, but he's a good man and a loyal friend.

Fergal, a miner and a drunkard, but loyal, strong and trustworthy. He fights with a pickaxe as a soldier with a sword. Just give him a coin or two and he' ld be happy.

Don't make fun of him, I won't allow that.

Elyzanna, Personal Guard. Her mother was a Dark Elf, who was a traveler and gave birth to Elyzanna in Kirkmore. After her mother died, I adopted her as she is a loyal fighter and when accepted, she will protect you with her life. Please, take good care of her, I don't want her get killed.
