謎の書物　第1巻

The Merchant

Space Station

The room the old books fell to ruin

The sea sang sweet lullabies the wind

Not known the curious child the rain

And nothing but darkness the room was

The only real cost in life was time

Not watched the sun on its way to set

I had books and pen but just could write

Enough words for days and days

Each then life to go on the sky

Each moment one by one the rain

Magic

Learning to read is a slow process that starts with simple words and ends with complex texts

---

Apprentice and Journeyman

Each level has its own challenges and rewards

Journeyman and Master

Each level has its own challenges and rewards
